My Christmas Holiday

Last Christmas, we went to Australia to have a hot Christmas. This Christmas was different. The weather was cold and dry there. Can you guess where I went?

I went to Japan with my mum and dad. I went to Osaka. This was my first time to go to Osaka. Have you been there before? I went there on the Boxing Day, but I didn't have presents at that time so I didn't enjoy the Boxing Day.

This journey was unforgettable because I love deer and I could go to the snow mountain. In the early morning, we took Japan Railway to Nara. Then, we walked for an hour to go to the Nara Park. I saw a lot of deer. They were so cute. I bought three packs of deer food. Then, I saw a notice. It said, 'The deer will bite you, kick you and knock you down!'

Then, we went to the snow mountain. First, you could take a bus to go to the snow mountain. Then, you might rent snow goggles, jackets, trousers and shoes there. Finally, you could go to ski on the snow mountain. We had to rent the clothes because they were water-proof and resistant to wind. The goggles could prevent ultraviolet rays to damage our eyes. After renting the clothes, we started skiing. After going to the snow mountain, we went to the Golden Pavilion. After visiting the Golden Pavilion, we went to eat sea urchin. It was very yummy! I like it very much!

On the last two days of the trip, we went shopping. We bought a lot of things, my mum bought a lot of shoes and clothes. Then we went to buy Fortune Bags. My mum bought me a Fortune Bag of dolls, I like it very much! In the evening, we went to have dinner. We had Okonomiyaki, and I was responsible for frying. It tasted good! This was my first time to eat Okonomiyaki, but it was very tiring.

On the last day of the trip, we went shopping again but a lot of shops were closed because people had to celebrate the New Year. After shopping, we went back to the hotel to have a hot spring bath and we ate hotpot.

Finally, we were back to Hong Kong, This journey was very joyful.

My hobbies

My name is Joyce Fung. I'm nine years old. I like swimming because I like playing in the water with my sister, brother and mum, especially when the weather is very hot. Also I always read books. I often draw pictures with my sister on Fridays after school. I prefer do Rhythmic Gymnastics with my classmate on Saturday. But I never play football and basketball because I don't like sweat. I always go to church on Sundays with my mum, dad, sister and brother. Sometimes I go ice-skating with them too.

A Trip to Australia

Last summer holiday, my family travelled to Australia. We spent 12 days there. First we arrived at Sydney. We rented a car to travel around. We went to Sydney Opera House. It was gigantic. I saw a restaurant in it. We went to the zoo then. There were a lot of animals. I like the kangaroos best. The restaurant inside the zoo was interesting because it was full of pelicans, pigeons and turkeys running around asking people to give them food. A lot of children were screaming because they were chased by these birds.

On the fifth day, we changed our car to a campervan. The campervan was as big as a trunk! There were two beds, a toilet, a kitchen and a table in the van. However, it went very bumpy on the road.

We drove to a lot of campsites. My favourite campsite was the Eastern Beach Holiday Park. In the campsite, there was a very big jumping pillow, swings and bikes. Some people rented a house to stay there and we stayed in our campervan.

Then we went to Philip Island. There was a chocolate factory. It makes yummy chocolate. It makes dark chocolate, milk chocolate and also white chocolate. That night, we went to another campsite. It was cold at night.

Every day after playing and visiting places, we went to Woolworths Supermarket. It was my favourite supermarket and it was very big.

We flew back Hong Kong on 10th August and it was the end of our journey. I hope we can go around the world next holiday.
